# **Lessons GA Pilot Can Learn from Airline Accidents with Barry Schiff and Brian Schiff**

Commercial air travel has reached levels of safety which, not long ago, would have been unimaginable. Although almost always extremely tragic, the lessons learned from accidents have played an important role in the process of continuing to improve aviation safety. This class will offer a fascinating study of historically significant, policy shaping airline accidents from which general aviation pilots can learn valuable lessons.

There is a fee for this class. Preregister at least 24 hours in advance at <http://www.vc99sclasses.com>.

**Directions:** Driving: Exit 101 Freeway at Los Posas, head South on Los Posas. Turn right at traffic light at Pleasant Valley. Turn right at traffic light at Airport Way. Dept of Airport Building is last building on the left where Airport Way dead ends at Durley. Flying: A three minute walk from the walk-through gate adjacent to Channel Island Aviation. Walk out to Durley, turn left on Durley. The Dept of Airports Building is on your right at the intersection of Durley & Airport Way.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.

## **Event Details**

**Wed, Feb 10, 2016 - 19:00 PST**

**Department of Airports at KCMA**

555 Airport Way

Upstairs Meeting Room of Dept of

Airport Building at KCMA

Camarillo, CA 93010

**Contact: Carolyn Brown or Susan Liebeler**
